ISTITUTO STOMATOLOGICO TOSCANO
GUGLIELMO MARCONI UNIVERSITY

2018
ADVANCED COURSE in IMPLANTOLOGY

MASTER COURSE CONDUCTED BY

Guglielmo Marconi University

Istituto Stomatologico Toscano

EDUCATIONAL PROGRAM PROPOSED and ORGANISED by

PARTNERS

INTRODUCTION TO THE EDUCATIONAL PROGRAM

The aim of Implantology Advanced Course program is to provide the key and base information to improve the surgical skills of the general dentists in their daily practice in order to provide safe, appropriate and efficient treatments. The course will continue for three modules (from August to November) including Advanced Modules from Nanda Academy of Dental Implants in the directory of Istituto Stomatologico Toscano. This program is organized and directed by Implatech and IPL is the partnership of this program for India.

Guglielmo Marconi University, is the first and still only private Italian university that is accredited in the United States! The University was recognized by the Italian Ministry of Education, University and Research in 2004. In accordance with the Decree of March 1st 2004 published in the Official Gazette of the Italian Republic Marconi University was authorized to establish international courses and programs.

Istituto Stomatologico Toscano, founded in 1990 by Prof. Ugo Covani, is a non-profit foundation for clinic research and high education in dentistry. It organizes post graduate training programs and refresher courses to dentists and dental hygienists as well as training for paramedics, using the wealth of experience almost 20 years of the courses, organized by many of the professionals working in the structure.

Implatech Ltd, established in 2007. Implatech's goal is to be a quality service provider in the field of oral surgery and dental implantology by leading the industry with this vision. The aim of Implatech is to create solution-oriented company which can provide all product groups associated with oral surgery and dental implant systems without compromising the high quality and permanence.

IPL, Immediate Placement & Loading Implant Academy, established in 1985, Nanda Academy of Dental Implants is a company known for marketing quality products, always being the first to introduce new successful technologies to the dentist in India and is dedicated to practical courses in implantology and surgical techniques in relation to new products so that doctors are continuously updated on the latest techniques and trends.

Learning is a treasure that follows its owner everywhere...

Hope to meet you in the program.

Implatech Ltd.

ISTITUTO STOMATOLOGICO TOSCANO

POSTGRADUATE SCHOOL OF DENTISTRY

ADVANCED COURSE IN IMPLANTOLOGY

ADVANCED COURSE IN IMPLANTOLOGY

Istituto Stomatologico Toscano organizes different types of Dental educational programs as MSc., fellowship programs and advanced courses in orthodontics, oral surgery & implantology, aesthetics & digital dentistry, laser in dentistry, endodontics with these topics for many years. Programs are designed for the general dentist who has already taken the first step towards the field of oral surgical treatments. You have already applied surgeries and placed implants and now want to develop your practical skills and build up solid, scientific knowledge in order to provide safe, appropriate and efficient treatments.

The 3 module advanced course program takes your time constraints and job responsibilities into consideration. You have to travel one time to Istituto Stomatologico Toscano center in PISA, Versilia Hospital, one time to Jaipur and one time Pune, India the education center of Nanda Academy. Italian and local speakers will be present in the modules. After this advanced course you will be able to perform surgical and prosthetic procedures in straightforward cases and achieve predictable esthetic and functional outcomes.

The course concludes with quizzes at the end of every module, hands-on practices, live surgeries and lectures from the worldwide known speakers.

We wish you great success in your professional life.

Prof. Ugo COVANI

Dr. Giovanni B. MENCHINI FABRIS

Istituto Stomatologico Toscano

Istituto Stomatologico Toscano founded in 1990 by Prof. Ugo Covani, is a non-profit foundation for clinic research and high education in dentistry. It organizes post graduate training programs and refresher courses to dentists and dental hygienists as well as training for paramedics, using the wealth of experience almost 20 years of the courses, organized by many of the professionals working in the structure.

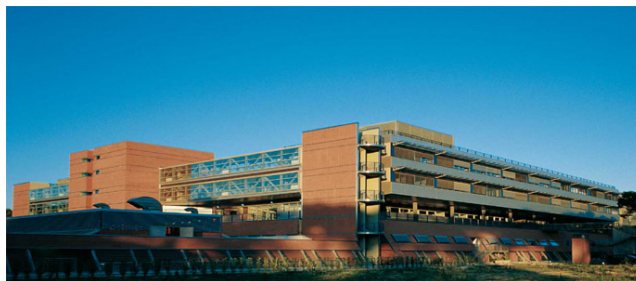

This educational activity is carried out through theoretical courses in classroom and where applicable by practical exercises on simulators, as well as through the programmed frequency and guided clinical activities. The programs involve almost all dental disciplines and with the participation of great, qualified speakers, both Italian and international. The programs address the most interesting topics of modern dentistry: Implantology, Oral Surgery, Periodontics, Orthodontics, Cosmetic Dentistry, Conservative Dentistry, Digital Dentistry, Laser Dentistry, Oral Hygiene, Computer Guided Implantology, Regenerative and Reconstructive Bone Surgery, etc...

The educational activities of the institute take place in part of the university and are accomplished through partnerships and / or agreements with Italian and foreign universities. University programs are carried out in collaboration with the university of PISA - Italy, university of GENOVA – Italy, the university Guglielmo Marconi of ROME - Italy, University of Buffalo – USA, Marconi International – USA. University programs spread from high training courses - lasting a few days advanced courses – generally lasting for more meetings and master programs lasting one academic year.

Faculty

FACULTY PRINCIPLES

- Prof. Ugo Covani
- Prof. Giovanni B. Menchini Fabris
- Dr. Prem Nanda
- Dr. Sacheev Nanda

Additional teaching faculty to be drawn from Internationally-accredited experts in the field of oral diagnosis, oral surgery, implantology, prosthetic dentistry and medicine.

1st MODULE

August 2018 – PUNE Thursday 16th

Faculty: Dr Prem Nanda - Dr Sacheev Nanda

09.30 am – 1.00 pm Lectures

*Introduction
Principles of Basal Implantology
Bone Physiology
Strategies for Immediate Loading*

...Tea Break ...

From the Pioneers of Intra Oral Welding in India !

*Syncrystallisation (Intra Oral Welding)
Pushing the envelope of Immediate Loading
System Introduction
GenXT Compression, Basal, Root Form (Conical Connection)
Prosthetic Protocols*

1.00 pm – 2.00 pm LUNCH

2.00 pm – 5.30 pm Surgical Phase

Placement of 1 Pc GenXT Compressive Implant for immediate replacement of pre molar following orthodontic treatment with very limited interradicular space. Impression technique for immediate provisional fixed prosthesis.

Total extraction of periodontally involved teeth in the upper arch. Immediate placement of 1 Pc GenXT Compression / Basal Implants, Tuberopterygoid implant, Intra Oral welding. Impression procedure for immediate provisional full arch fixed prosthesis. Follow-up of PFM full lower arch bridge on 1 Pc GenXT Implants done 6 mth ago in the same patient..

-----Tea Break -----

Placement of single Asymmetric Disk Implant in posterior mandible with bone height of 3-4 mm above the IAN. 1 Pc GenXT Compressive/Basal implants in bicuspid region. Impression for immediate provisional bridge.

6.00 pm - 7.00 pm Prosthetic Phase

Upper Full arch PFM Prosthesis cementation on 1 Pc GenXT Compressive/Basal Implants done about a year ago. Patient was using a provisional prosthesis on these implants with intraoral welding

August 2018 – PUNE Friday 17th

9.30am – 11.30 am Lectures

*Selecting the Right Implant System,
Prosthetic Protocols
Conometric Concept. Future of connecting Prosthesis to Implant*

-----Tea Break-----

11.30 am – 1.00 pm Surgical phase

*Full arch lower extraction, immediate implant placement using GenXT 1Pc
Compressive/Basal Implants (intra oral welding) and immediate fixed provisional
prosthesis*

1.00 pm – 2.00 pm LUNCH

2.00 pm – 6.30 pm Surgical Phase

*Placement of GenXT (2pc) conical connection implant. Cemented, Screw
retained, Conometric options.*

Placement of Leone (2pc) Morse taper Implant

Indirect sinus lift procedure

Flapless procedures

Multiunit abutments with intraoral welding of Titanium cylinders

Immediate fixed functional screw retained prosthesis

Prosthetic Phase

Surgical exposure/Impression techniques. Direct / Indirect .

*Final crowns/bridge fixing on 2 Pc GenXT and Leone implant systems
cementation/screw retained/conometric connection.*

GALA DINNER

August 2018 – PUNE Saturday 18th

9.30 am - 1.00pm Lectures

*Prosthetically driven Treatment Planning
Post Surgical Prosthetic Procedures - Impression , Face Bow , Occlusion
Step By Step Procedure for Fabrication of Provisional and PFM
New Prosthetic Concepts for Single piece - Telescopic / Conometric /
Pre Fabricated Provisionals*

Case Discussions

1.00 pm – 2.00 pm LUNCH

2.00 pm – 6.00 pm Surgical Phase

*Highly resorbed lower posterior ridge. Placement of Disk Implant. Option of
Immediate Loading, Delayed Loading, Cemented or Screw Retained prosthesis.*

---Tea Break-----

Placement of Implants by Pre Registered participants under faculty supervision

August 2018 – PUNE Sunday 19th

9.30 am – 12.00 am Lectures

*Prosthetic considerations in Implantology
Complications & Failures – Management
Presentations by Participants*

-----Tea Break-----

Videos

Case Discussions

12.00 am – 1.00 pm Clinical

*Provisional/Final prosthesis cementations of patients operated during the last 3
days*

1.00 pm - 2.00 pm LUNCH

2.00 pm – 5.00 pm HANDS ON / CERTIFICATES

2nd MODULE

September 2018 – JAIPUR Tuesday 25th

Faculty: Dr Giovanni Menchini Fabris

- 09.00 *Biology And Semeiology Of The Bone Jaws*
- 11.00 *Coffee*
- 11.30 *Basic concepts in Implantology*
- 13.00 *Lunch*
- 14.00 *Flaps and Sutures in oral Implantology*
- 16.00 *Coffee*
- 16.30 *First Surgical stage*
- 18.00 *Close*

September 2018 - JAIPUR Wednesday 26th

Faculty: Dr Giovanni Menchini Fabris

- 09.00 *Complication in Implantology*
- 11.00 *Coffee*
- 11.30 *Second surgical stage*
- 13.00 *Lunch*
- 14.00 *Soft Tissue morphology*
- 16.00 *Coffee*
- 16.30 *Aesthetic in Implant rehabilitations*
- 18.00 *Close*

3rd MODULE: Advanced Techniques and Prosthetics

November 2018 - ITALY Wednesday 28th

Faculty: Ugo Covani, Giovanni Menchini Fabris

- 09.00 *Techniques of expansion of implant site*
- 11.00 *Coffee*
- 11.30 *Bone augmentation concepts in Oral Implantology*
- 13.00 *Lunch*
- 14.00 *Bone regeneration & reconstruction*
- 16.00 *Coffee*
- 16.30 *Maxillary Sinus elevation techniques*
- 18.00 *Close*

November 2018 - ITALY Thursday 29th

Faculty: Ugo Covani, Giovanni Menchini Fabris

- 09.00 *Rehabilitation strategies from simple to complex cases*
- 11.00 *Coffee*
- 11.30 *Treatment plan in implant prosthetics*
- 13.00 *Lunch*
- 14.00 *From implant platform to prosthesis: a new approach*
- 16.00 *Coffee*
- 16.30 *From chair to lab: prosthesis info transfer protocols*
- 18.00 *Close*

November 2018 - ITALY Friday 30th

Faculty: Ugo Covani, Giovanni Menchini Fabris, Michele Nannelli

- 09.00 *Live Surgery*
- 10.30 *Coffee*
- 11.00 *Hands on: Bone regeneration techniques*
- 13.00 *Lunch*
- 14.00 *Live Surgery*
- 15.00 *Hands on: Sinus lifting techniques*
- 16.30 *Coffee*
- 17.00 *Closing Ceremony and Certificate delivery*

CONDITIONS AND DATES FOR EDUCATIONAL PROGRAM

Language

The courses will be conducted with English as the spoken language.

Number of Participants

Min 20 Students

Registration

Deadline: 30th July 2018

The registrations will be directed upon the applications of the participants. When the number of participant reaches 40 seat, the registrations will be closed before the deadline date.

Inscription Documents:

All students needs to present following documents:

- Copy of Degree Diploma
- Fee payment document

Entry fee

- 3.600,00 Euro

includes:

- Advanced Course fee
- Facilities in India and Italy (exc. travel and accommodation)
- Gadgets for the active trainings
- Visa documentation & travel support

PAYMENT ACCOUNTS

BENEFICIARY	: IMPLATEK SAGLIK URUNLERI SANAYI VE TICARET LIMITED SIRKETI
